Gladys Mungo to speak on August 4

Come hear how God is working among the children in Haiti

Gladys Mungo, the founder of **Haiti's Children, Inc.**, has lived in Haiti since 2008. This public charity provides primary and secondary education, vocational training and food programs to needy children in Haiti. An important part of this ministry is to introduce them to Jesus Christ and assure them that God has not forgotten them.

Gladys will share an update on her ministry in Haiti. She brings items from Haiti for sale, and offers the opportunity for you to sponsor a child in Haiti.

Goodbye Instant Church Directory Hello Breeze online church directory

Those of you who utilize the Instant Church Directory app on your phones will not be able to access it after next month. In a continuing effort to be good stewards of our resources, we are switching over to the Breeze Church Management System directory, easily accessible through the Breeze app. The result is a cost savings to the congregation.

Last March you should have received an email from the church office inviting you to create your own member account in Breeze. *By accepting the invitation, you will be able to see your personal information and make updates when changes occur (new email address, phone number, etc.) You can also upload a new picture. Updated photos are important as Breeze will become our online member/photo directory.*

Once you have created your member account, you will be able to download the Breeze app to your mobile device. The app will provide easy access to the online member directory, as well as your personal record of contributions. Plus, it provides the opportunity to give online via ACH or credit card.

No one other than the financial team will be able to see your personal financial information through Breeze. You will be able to view other people's contact info.

If you have not yet created your personal account, please contact Christine in the church office at 968-3322 or office@aslcwales.org and she can resend the link. Thank you.

All Saints needs your help with our social media

Have you checked out our newer Facebook page (All Saints Wales, WI) or Instagram page (allsaintswaleswi)? If not, I invite and encourage you to do so.

- ▶ Did you know that there are announcements on the home page of our website? And they are not just for 'outsiders'?
- ▶ While our website is the front door for people who are looking for a congregation, Facebook and Instagram are an easy way for people who are already part of All Saints (and that includes YOU) to spread the word about the activities and missions that we are engaged in and support.

Here are some tidbits that I've learned from a webinar and a synod workshop:

Ministry begins on your social media site.

Facebook is the world's largest mission field.

We, as a church, want to be where people are.

Content is King. Engagement (like, share, comment) is Queen.

Engagement spreads the word about your church and increases visibility.

What that means is that All Saints needs YOU, and everyone else, to help share and spread the Good News. You may not feel comfortable sharing your faith verbally, but you can share by:

- inviting people you know/friends to follow us on Facebook and Instagram,
- liking, sharing and commenting on our posts,
- suggesting or contributing things to post, or sharing pictures (send to publications@aslcwales.org).

Let's work together to spread the news!
